# **Organization of ASRC**

**JAEA** 

●Evaluation Committee of **Research Activities for Advanced Science Research** 

# AR Advanced Science Research Center

**Director General:** Sadamichi Maekawa

**Deputy Director General: Yuichiro Nagame** 

#### Advisors:

Naoto Nagaosa (The University of Tokyo) Samuel Bader (ANL, USA)

Reimei Research Evaluation Committee

**Research Coordination and Promotion Office** General Manager: Tomotsugu Sawai

※R.G.= Research Group

### **R.G. for Condensed Matter Theory**

Group Leader: Michiyasu Mori

R.G. for Molecular Spintronics

Group Leader : Seiji Sakai

R.G. for Mechanical Control of Materials and Spin Systems

Group Leader : Eiji Saitoh

**Advanced Materials** Research

Frontier Research on **Heavy Element System** 

# R.G. for Reactions Involving Heavy Nuclei

Group Leader : Satoshi Chiba

# R.G. for Superheavy Elements

Group Leader : Matthias Schädel

#### **R.G. for Actinide Materials Sience**

Group Leader : Zachary Fisk

R.G. for Condensed Matter Physics of Heavy Element Systems

Group Leader : Shinsaku Kambe

## Research on **Radiation Field Effects**

#### **R.G. for Hadron Physics**

Group Leader : Ken-ichi Imai

#### R.G. for Bioactinide

Group Leader : Toshihiko Ohnuki

#### R.G. for Radiation and Biomolecular Science

Group Leader : Akinari Yokoya

#### R.G. for Spin-Polarized Positron Beam

Group Leader: Atsuo Kawasuso
