TAN 15 **5th International Conference on the** **Chemistry and Physics of the** **Transactinide Elements**

Urabandai, Fukushima, Japan
May 25 (Monday) – 29 (Friday), 2015

Scope of the conference

This conference is the fifth in a series of conferences dedicated to the recent achievements in chemistry and physics of transactinide elements. The scientific program will cover both theories and experiments of heaviest-element synthesis, nuclear reactions, nuclear structure, chemistry, atomic properties, and other related topics. The previous TAN conferences were held in Seeheim (1999), Napa (2003), Davos (2007), and Sochi (2011).

Venue

The TAN 15 conference will be held from May 25–29, 2015, in Urabandai Royal Hotel, located at the Urabandai area, the northwest part of Fukushima prefecture, Japan. Urabandai is a picturesque plateau area with beautiful nature, ponds, lakes, and volcanoes.
