

Quest for the future

未知への探究

Memorial issue of the ASRC 20th Anniversary Symposium
Vol.20 No.1 October 2012

Opening Address

Hideaki Yokomizo (Executive Director
of JAEA)

Address by Director General of ASRC

Sadamichi Maekawa

Speech by Guest of Honor

Muneyuki Date (First Director General
of ASRC)

Peter Fulde (Research Evaluation Committee
Member of ASRC)

Hiroshi Ikukawa (Director of Atomic Energy
Division, MEXT)

Honor Lecture

Albert Fert (Nobel Prize Winner in Physics 2007)
“Recent developments and emerging
directions in spintronics”

Memorial Research Report

Katsuhisa Nishio

“Fusion between heavy nuclei and nuclear
fission process”

Yoshinori Haga

“Electronic states of URu_2Si_2 studied using high-quality
single crystal growth and high-pressure techniques”

Ayumi Urushibara

“Induction of genetic instability by DNA damage”

Honor Lecture by Prof. Albert Fert

Advanced Science Research Center (ASRC)
Japan Atomic Energy Agency (JAEA)
