

TOHOKU
UNIVERSITY

Tohoku Forum for Creativity Thematic Program 2015
Spintronics : from Mathematics to Devices

International Workshop :

Spintronics with Antiferromagnets

32nd Reimei Workshop on Frontiers of Condensed Matter Physics

2015
Nov. 16-17

TOKYO ELECTRON House of Creativity 3F, Lecture Theater,
Katahira Campus, Tohoku University

Invited speakers

Arne Brataas

(Norwegian University of Science and Technology, Norway)

Axel Hoffmann

(Argonne Lab, USA)

Mathias Klaeui

(University of Mainz, Germany)

Allan MacDonald

(University of Texas at Austin, USA)

Takahiro Moriyama

(Kyoto Univ.)

Qian Niu

(University of Texas at Austin, USA)

Takuya Satoh

(Kyushu University, Japan)

Oleg Tchernyshyov

(JHU, USA)

Maxim Tsoi

(University of Texas at Austin, USA)

Helen Gomonay

(National Technical University, Ukraine)

Tomas Jungwirth

(Academy of Sciences, Czech Republic)

Dazhi Hou

(Tohoku Univ.)

Sadamichi Maekawa

(JAEA, Japan)

Naoto Nagaosa

(RIKEN and University of Tokyo, Japan)

Stuart Parkin

(Max Planck Institute – Halle/Saale, Germany)

Jairo Sinova

(University of Mainz, Germany)

Yaroslav Tserkovnyak

(UCLA, USA)

Xavier Waintal

(CEA Grenoble, France)

Chairs

Oleg Tretiakov (Assistant Professor, Institute for Materials Research, Tohoku University)

Gerrit Bauer (Professor, Institute for Materials Research / Advanced Institute for Materials Research, Tohoku University)
